

WITHOUT THE

BOW (RING)

It is easy to steal or ring watches from the pocket. The thief gets the watch in one hand, the chain in the other and gives a short, sharp pull and the ring slips off of the watch stem, and away goes the watch, leaving the victim only the chain.

This idea stopped

But little game:

The bow has a groove on each end. A cuff opens down inside the bow and holds it in the groove, thereby making the bow in the pocket, on the coat, or around the waist, or around the neck.

Hold by all watch dealers, without cost, on Jan. 1st. Filled and other cases containing this trade mark.

Ask your jeweler for pamphlet.

Keystone Watch Case Co., PHILADELPHIA.

SING PAEANS OF JOY

Stock Brokers Delighted With the Extra Session Call.

THE MARKET BOOMS AGAIN

Then the Bank Statement Came Rolling Along and Knocked Out the Advance Just Made.

New York, July 1.—Money on call nominally 6 per cent.

Post rate, \$4.25 & 84.

Government bonds have been steady.

Wall street was in a more confident mood today and the anxiety which has been so pronounced during the week gave way to a feeling of relief. The change was due entirely to President Cleveland's proclamation calling for an extra session of congress to provide legislation to alleviate the financial distress.

The opening of the stock market was active and excited, and in the first fifteen minutes of business prices bounded up 50-45 per cent. Bears were the most anxious buyers. Purchases were not confined to the shorts by any means. Commission houses reported a little more money from outside sources, and if money should work over next week they look for a continuance of the demand. Toward 11 o'clock the markets quieted down considerably and the rally ran off. Some of the men began to discount the effect of the bank statement, which they expected would be unfavorable. They were correct in their premises, and when the statement was given out showing a loss of \$4,200,000 in surplus reserve, bring the amount held in excess of legal requirements to \$1,251,725, the whole margin weakened. The sales were 110,450 shares, including 13,523 unlisted.
